Christian population, males, about			12,000
Females and children, at least			25,000
			<u>37,000</u>
Turkish population, according to native accounts			15,000
Females and children, at least			32,000
			<u>47,000</u>
			<u>84,000</u>

There are grave doubts about the number of Moslem, who, according to many European travellers of authority, are more than the Christians. You will find it so stated in the work of Mr John Hawkins, an Englishman and acquaintance of my own, a mineralogist, who went over the island two years ago, and noted all that was curious and interesting. His companion, also an Englishman, was a botanist, and wrote a full account of the herbs of the island used in medicine.
